Revision Date: 10-30-2023		Revision: 2	
Process Owners: EMS Chair		Approved By: EMS Committee	

**Purpose**

The purpose is to state the policy for the Environmental Management System.

**Scope**

The scope applies to the MMI aspects that impact our community and the environment.

**Responsibility**

EMS Committee

**Policy**

MMI will have meaningful compliance to the ISO 14001 standard. We will have responsible management of the environment that we impact.

The Company is committed to protecting the environment of the Earth.

To minimize environmental impacts concerning our activities, products, and services, we shall:

- Comply with applicable legal requirements and other requirements to which MMI Engineered Solutions subscribes which relate to its environmental aspects for noise emissions, soil quality, biodiversity, land use, and deforestation.
- Purchase energy efficient equipment and utilize engineering principles to prevent GHG emissions, decarbonization, reduce waste, and minimize the consumption of resources.
- Responsible management of the consumption of water resources and chemicals. Practice responsible pollution control while minimizing landfill by recycling and reusing materials while complying with all applicable laws and regulations.
- Educate, train, and motivate employees to carry out tasks in an environmentally responsible manner to protect human and animal welfare.
- Encourage environmental protection and sustainability among our suppliers and subcontractors.

The Company is committed to continual improvement of environmental performance and sustainability.

This Policy will be communicated to all staff, contractors, and suppliers, and be available to the public.
